

Jarvis Securities plc

("Jarvis" or "the Company")

Details of Contract Win

Jarvis is pleased to confirm Old Park Lane Capital Plc as one of the new commercial client signings reported on 3 April.

Old Park Lane Capital Plc is an innovative and dynamic institutional stockbroker, specialising in the equity markets for smaller companies.

Michael Parnes, Chief Executive of Old Park Lane Capital Plc commented:

"Our institutional and ultra high net worth only policy for stock broking services, with our long term approach and strong after market support for NOMBRO clients, creates a unique and powerful solution to correct the inefficiencies of the small cap market. We selected Jarvis as a provider of operational and administrative functions because of their very strong reputation in financial outsourcing."

Andrew Grant, the Chairman of Jarvis, said:

"It is great news to welcome yet another firm to our growing list of commercial clients. With increasing cost pressure in the market the efficiencies that we can provide as an experienced financial outsourcer, together with the market experience and strong service of our team, are increasingly attractive to investment firms such as Old Park Lane that want to dedicate their full attention to their clients."
